

FRONTLINE

Promoting inclusion
... because 'Community Works'!

Frontline enables and supports people with a learning disability and high support needs to live full and productive lives through their active inclusion within the Brentwood community.

We offer community-based experiences specifically to people with a learning disability and high support needs who are at risk of being excluded from many of the simple pleasures and experiences of everyday life. A vital part of **FRONTLINE'S** role is building acceptance and inclusion for all and helping to develop a culture that takes community inclusion for granted.

Community Works

Community Works is at the heart of Frontline's activities, illustrating what happens when we tap into the rich resources the community has to offer. Frontline strives to ensure that everyone, including people with complex needs, are accepted and celebrated for who they are and experience the satisfaction of 'belonging' in the wider community. Bridge the Gap supports individuals to link up with one another and enjoy social activities together. The Community Works! newsletter is published monthly.
